Policies:

When a student arrives for occupancy, he will utilize a check-in sheet with the Dormitory Managers to determine any damages or shortages in his room. When residence in the dormitory is terminated, the Dormitory Managers will use the same sheet to determine any damage other than normal wear. Each student is responsible for the furniture, equipment and general condition of his room.

\$5.00 of the deposit is utilized for an activity fund. The remaining \$95.00 deposit will be refunded to the student at termination of residence as stated in the terms of the contract. Your room will be clean at move-in and must be in the same order when leaving or a cleaning charge is assessed against the deposit.

Campus Housing is normally closed during vacation periods for maintenance and repairs. Students may, however, make arrangements to stay in case of special needs.

The following may not be kept in rooms: pets, pianos, weapons of any type or ammunition. It is against state laws to gamble, possess or use alcoholic beverages or drugs on the college property.

Students may request roommates by both indicating the other on the application. However, the college reserves the right to assign or reassign individuals to rooms any time during the year, if the need for change arises.

Residents of Campus Housing are responsible for cleanliness and orderliness of their rooms, and should cooperate in maintaining the hall and lounge areas around the buildings.
